## Student Teacher Program in Ireland

### Jumpstart a career in teaching....

Students can make the first leap into a teaching career with an international student teacher placement in Ireland. Our student teacher programs take place in the beautiful west of Ireland, mainly in Galway or Mayo.

We offer student teacher placements for early childhood teachers, general and special needs primary (elementary) teachers and secondary school teachers.

### Exceptional schools

We are extremely proud to be associated with the schools that participate in our student teacher program. The schools are of the highest caliber, with outstanding teachers and staff who are delighted to work with student teachers enabling them to learn, grow and flourish in their placement.

### Accommodation

We will arrange for the student teachers' accommodation during their placement in Ireland. Student Teachers will be placed in local shared apartments, homestays, or B&Bs including half board.

### Teaching/ Observational Hours\*

Depending on a student's placement, they will receive the following hours per week teaching/ observing in the classroom. Additional hours outside the classroom will be included to total 200 hours:

- Primary School: 20 hours per week
- Secondary School: 25 hours per week

### Duration & Cost\*

6-Week Program: **\$3,900**

**Program Dates:** Customizable dates to coincide with local school calendar

**International Internships LLC provides comprehensive program management services for student teachers, host schools, and Universities**

#### Inclusions:

- 24/7 emergency support during placement
- Airport/Bus Pickup
- On-site Orientation on arrival
- Problem resolution & support available 7 days/week
- Accommodation
- Process all relevant paperwork
- Act as liaison between school, student, academic supervisor and University
- Provide students with practical arrival information
- Provide handbook on living in Ireland
- Arrangement of one local excursion/tour

# Student Teacher Program

## Onsite Supervision while in Ireland

Student teachers are assigned an Onsite Coordinator while student teaching in Ireland. Student teachers will be visited at their teaching site by their Irish Coordinator at least twice during their placement. The Irish Coordinator is available anytime for informal calls, emails, or visits should the student teachers need additional support. Typically, the Onsite Coordinator's role entails coordinating with the student teacher's university to provide the student teacher with a tailored internship program that will conform to any academic requirements they might have.

## No visa needed for E.U. & U.S. citizens

E.U. citizens have no visa limitations to participate in the Ireland Student Teaching Program.

Americans can stay in Ireland for up to 90 days on a tourist visa. The visa is given at entry to the country, once the student provides a letter of internship confirmation from International Internships LLC, copy of return flight, proof of health insurance, and proof that student can support themselves financially while in Ireland. Interns may opt to extend their stay for an additional 90 days. We will help the intern during all aspects of the extension application process (additional visa fee may apply).

## Excursion/Cultural Activity

International Internships LLC will organize one Irish cultural activity or excursion during the program. Additional activities or excursions may be arranged for an additional fee such as: Irish language classes, archaeological sites, bodhrán/ harp sessions, hiking, Irish dancing, and more.

*\*Program length and total hours are extendable for an additional fee*
